Apply for the Type-B open calls

KITT4SME

At a glance

KITT4SME aims to create a platform holding composable modules of AI kits for the use of the SMEs in the manufacturing industry.

To populate the platform with reliable AI solutions, KITT4SME will distribute a total of 2,5 million EUR of EU funding through 2 types of open calls:

- **Type-A:** invites AI solution providers that are SMEs and mid-caps which offer AI based solution with a value for the manufacturing industry (closed on 2021)

- **Type-B:** invites small teams of solution providers and end-users to conduct pilot experiments

Who can apply?

- Small teams consisting of SMEs or mid-caps
- established in the H2020 eligible countries
  - Min. 1 AI solution provider
  - Min. 1 end user in discrete manufacturing

Expected activities

- Definition of a use case scenario
- Integration to the KITT4SME platform
- Functionality testing
- Demonstration of the use case

Funding

- **Max. 200.000 EUR** per team
 (Total funding: 1,5 Mio EUR)

Duration of the action

- **12 months**

Submission deadline:

12 August 2022
